QUOTATION FOR HEAVY-DUTY PRESSED SPEAR TOP TUBULAR STEEL FENCING

Dear Glenn,

We have pleasure in submitting our quotation for the supply and installation of pressed spear security fencing along with the optional extra supply of flat top tubular gates as per the details below.

Please feel free to contact me with any questions. Please note special clauses below base on the info you have provided.

Clearing of Fence Line

It will be the responsibility of the client to ensure that access to and along the fence lines are FREE FROM VEGETATION AND CLEAR FROM ALL OBSTRUCTIONS prior to the commencement of works.

This quotation is based upon a SITE UNSEEN basis.

Assumptions regarding site conditions and material requirements are based on information provided by the client. Otter Fencing reserves the right to amend the quoted price after a site inspection and before the commencement of any works, to confirm correct costs, materials & scope of works have been quoted to complete the job. Variations and changes due to latent site conditions will be applied, as required after consultation with the client.

Kind Regards
Otter Fencing Sales Team

SPEAR TOP PANELS
HEAVY-DUTY PRESSED SPEAR TOP TUBULAR STEEL FENCING & GATE(S)

Heavy-Duty, Pressed Spear Top Fence Panels

- 1800/2100/2400mm (height) x 2400mm maximum width (trimmed to suit, as required).
- 40mm x 40mm x 1.6mm SHS Top & Bottom galvanized punched rails for additional strength.
- 25mm x 25mm x 1.2mm SHS galvanized vertical pickets welded to top & bottom punched rails, complete with Pressed Spear Top profile.
- Panels are fixed between Posts with Rail Brackets & galvanized tek screws.

Option - To restrict the panels being removed by un-authorised people - tamper resistant security screws can be used to secure the rail brackets to the fence posts.

Heavy-Duty Pressed Spear Top Single Sliding Gate(s)

- 100mm x 100mm SHS galvanized punched frame, with 100mm x 100mm galvanized SHS beam to support the base of the gate frame and house the sliding gate roller wheels.
- 25mm x 25mm SHS galvanized vertical pickets welded to top & bottom punched 100mm x 100mm SHS gate frame, complete with Pressed Spear Top profile.
- Heavy-duty Sliding Gate Wheels (2 no.) fixed to the bottom SHS beam.
- Long lockable Drop Bolt or Locking Lug (not applicable if the gate is to be automated).

Price is valid for 30 days, Payment Terms: @terms;
